Officials.

ESCH TO GET POSITION

Former Wisconsin Congress-
man Will Be Offered Com-
merce Board Post.By United Press Leased Wire
Washington—President Harding
started the work of his administration
at full speed on his first day in
office.At his desk early in the morning
Harding held a conference with
five cabinet members, approved
three important appointments and
talked with Senator Lodge and Rep-
resentative Mondell, republican lead-
ers in the house and senate.One big job facing him was that
of passing jobs—some 50,000 of which
will ultimately be filled from a list
of applicants several times as large.
But only a few of the most important
positions were filled Saturday.Secretary Weeks announced Gen-
eral Peyton C. March temporarily
would be continued as chief of staff
and William R. Williams as assistant
secretary of war.The appointments approved by Har-
ding were those of Henry P. Fletcher
as under-secretary of state; E. D. Ball
as assistant secretary of agriculture,
and Edward Henning as assistant sec-
retary of labor.Ball was assistant secretary of
agriculture under Secretary Meredith.
Fletcher was former ambassador to
Mexico.Herbert Hoover, secretary of com-
merce, talked over with Harding his
plans for the organization of the de-
partment.Rewrite Appropriation Bills
Secretary of War Weeks and Sec-
retary of the Navy Denby took up the
situation created by failure of the ar-
my and navy appropriation bills and
plans were laid for rewriting these
measures and getting them started
through congress.In conference with Secretary of
Agriculture Wallace, Harding ap-
proved retention of Ball.Secretary of State Hughes talked
over with Harding the situation in
Panama where American interests are
threatened by an invasion of Panama
by Costa Rican troops.American warships have already
been dispatched to the scene of the
fighting to protect American interests.
This is the first international problem
undertaken by the new administration.After Hughes left the White house,
Lodge and Mondell saw the president.
One of the principal questions to be
taken up with the leaders was the
date for the special session of con-
gress. It had been given out that
this would be April 4, but it is possi-
ble it may be called earlier because
of the failure of the two big appropria-
tion bills.Makes Appointments
Harding expected to consult cabinet
members further Saturday regarding
the assistant secretarieships of the
various departments. Theodore Roose-
velt has already been named assist-
ant secretary of the navy. Former
congressman Thomas W. Miller of
Delaware is mentioned as a possible
candidate of war. He saw service in
France and was active in organizing
the American legion.Henry P. Fletcher, former ambas-
sador to Mexico, has been chosen un-
der secretary of state, but there are
three assistant secretarieships to be
filled.Two vacancies on the interstate
commerce commission, the entire
seven places on the shipping board,
five on the federal reserve board,
three on the United States tariff com-
mission, two on the federal trade
commission, four on the federal
farm loan board and several on the
railroad labor board are to be filled
in the near future.Esch to get Post
J. J. Esch, defeated for election to
congress from Wisconsin last Novem-
ber, will be offered a place on the in-
terstate commerce commission.Howard Manningham of Columbus,
Ohio, long interested in public utility
questions, may be offered the other
post vacant.Judson C. Welliver, journalist and
student of economic problems, who
was associated with Harding during
the campaign, is expected to be of-
fered a position on either the federal
trade commission or the tariff board.Former Senator George Chamber-
lain, a democrat, is certain to receive
a minority appointment to the ship-
ping board.Harding will leave the filling of
hundreds of postmasterhips and
minor appointive positions to cabinet
members.The big diplomatic appointments
are expected within a short time.
Many of the lesser diplomatic ap-
pointments will be made later.

as of Old.By DAVID LAWRENCE
Copyright, 1921Washington—Woodrow Wilson's
last hour as president of the United
States was a curious mingling of sad-
ness and attempted cheerfulness. For
a moment the president appeared as
the decrepit figure that he has so
often been pictured since his physical
collapse two years ago, and then
again as he sat at his desk and signed
bills with a firm hand and a steady
pen, his eyes burned with the fire of
the soldier who never surrenders.To the last, Woodrow Wilson
seemed to be in a fighting mood
though everybody who stood around
him felt that his feeble figure belied
his attempts to appear in his belig-
erent spirit of old.Slowly Mr. Wilson wended his way
along the corridor for fifty feet from
the elevator just to the right of the
senate chamber. As he proceeded
slowly, he leaned on his cane and was
unaided. His left shoulder was
stooped and his left hand hung limp-
ly at his side. As former Mayor
"Honey" Fitzgerald of Boston ex-
tended his hand to greet the presi-
dent, Mr. Wilson quickly hung the
hook of his cane in the upper pocket
of his overcoat, and standing for a
moment smiled at his greetings. Sen-
ator Overman of North Carolina, Dem-
ocrat, walked along beside Mr. Wil-
son and asked him if he would go out
to the front of the capitol to witness
the inauguration of Mr. Harding but
in a hollow voice Mr. Wilson replied
that he feared he did not have
strength enough to do it.Greeted by Harding
Surrounded by members of his cab-
inet, Democratic Senators and mili-
tary and naval aides, Mr. Wilson en-
tered the president's room there to be
fired at.

PHILIPP HITS AT
BLAINE "ECONOMY"Madison—Former Governor E. L.
Philipp of Milwaukee, characterized
condemnation of the emergency ap-
propriation board as "cheap bunk" in
a letter made public here Saturday.He accused Governor Blaine of at-
tempting to discredit the Philipp ad-
ministration in order to bolster up
his demand for a surplus."The cry of advancing taxes is not
due to state demands," the former
governor wrote."The increase is due entirely to
county, town and municipal taxes
over which the state has no control.""The state has had the same ex-
perience every household had in the
years 1919 and 1920. The legis-
lature could not foresee the price of
coal, food or clothing. It was a great
convenience to have an emergency
board to meet increasing costs.
Otherwise it would have been neces-
sary for the legislature to remain in
session. Prices are declining now
and it should be possible for the
legislature to estimate costs," the for-
mer governor concluded.ITALIAN REDS

Rome—Virtual civil war exists in
Italy as a result of the feud between
the socialists and the fascists.The casualty list is growing daily.
Property is being destroyed and scores
of socialist leaders have been flogged.To date more than a score have
been killed and 300 wounded. Seven
hundred arrests have been made.In some districts the peasants have
joined forces with the fascists who
constitute the militant element of
the nationalists and whose object is
suppression of socialism.Government troops occupied Pisa
in an effort to terminate clashes be-
tween the socialists and fascists. Be-
fore their arrival communists dam-
aged the track of the Florence-Pisa
railway and assaulted government
employees repairing it. Twelve ar-
rests were made. Peasants attacked
Marquis Serlupi and his wife at their
villa near Pisa, wounding the latter.The marquis and his son, a lieuten-
ant, drove them off, killing one
and wounding three.Four socialists were wounded in
fighting at Ponte L. In clashes were

Washington—President Harding
Saturday faced a disagreement with
republican senators.According to republican senatorial
leaders, including Lodge and Knox,
Harding wishes the Colombian treaty
acted on at the extraordinary session
of the senate, now in session. A con-
siderable number of republicans dis-
agree with him for three reasons:1.—That having confirmed the cabi-
net promptly there is no need for the
senate to stay in session and that
senators should be given time to go
home and arrange affairs for a long
summer of work in Washington dur-
ing the special session of congress
expected to begin in April.2.—That the Colombian treaty
should not be ratified at all.
If Harding insists, he will prevail.
His wishes will be made clear at con-
ferences with Lodge and other senate
leaders in a day or two.Ratification is designed to be one
of the first steps of the Harding ad-
ministration in taking care of Ameri-
can interests abroad and at home
against foreign aggression. It is
considered vital to establish the
most cordial relations as an effort to
British activities in the oil fields of

Washington—Former Senator Hen-
derson of Nevada, was shot in the
wrist Saturday by a crank in the sen-
ate office building.Henderson's assistant gave the
name of Grock, and said he was from
Nevada.Police said Grock was mentally un-
balanced. Henderson's friends stated
that Grock had a disagreement with
him in Nevada 20 years ago and that
Grock had been following Henderson
about ever since. He came to Wash-
ington this week determined to get
"a settlement out of Henderson," he
told the police.Henderson, whose term in the sen-
ate expired Friday, was in his office
cleaning up preparatory to returning
to Nevada when Grock entered and
demanded to see him at once.Told Him To Wait
Members of Henderson's office force
asked him to wait a minute but he
insisted on being admitted to Hen-
derson's private office. He made so much
disturbance that Henderson came out
and said to him:"It is not convenient for me to see
you Saturday. You will have to come
in Sunday or some other day.""I will see you now," said Grock,
drawing a revolver.He began shooting. Henderson
threw up his right arm and a bullet
hit him in the wrist, passing through
the wrist. Grock was disarmed by
Henderson and his office force, as-
sisted by Senator Fernald of Maine,
who had just entered the office.Henderson was taken to the office
of Senator Ball of Delaware, who is a
physician. Grock was taken in charge
by capitol police.Ball said the bullet ranged down
into the fleshy part of the forearm,
missing the bone. Grock was taken
to the New Jersey avenue police
station.Grock, according to Henderson,
was formerly an attorney, whom Hen-
derson had employed in a case twenty
years ago. The case was turned over
to another counsel and this was
Grock's grievance. Time added other
fancied wrongs and Grock was finally
committed to an asylum.Grock was captured by George B.
Messer, clerk to Senator Broussard,
Louisiana, who ran into the corridor
when two girls, in Henderson's office
began screaming. Henderson had
been through the doorway into an
antechamber and Grock stood calmly
in the middle of the floor, holding his
revolver.SHIPPERS STRIKE

prices.A conference of shippers of the
country has been called in Chicago on

transportation situation."The present high level of freight
rates has helped to demoralize busi-
ness of the country," the call for the
meeting said.All shippers, including farmers' or-
ganizations, manufacturers and con-
sumers' associations were invited to
send representatives to the meeting.The conference will not be especially
antagonistic to the carriers, it was
pointed out by those who issued the
call for the meeting.In explaining the seriousness of the
situation shippers' organizations Sat-

and the result of its deliberation was
transmitted to the delegates here
early Saturday.The allied demands agreed upon at

Germans countered with a proposal
for payment of only \$7,290,000,000.Secret Conferences

pect to arrange some thing that will
furnish the basis for further
negotiations.""We do not want to do anything
that will lead to an abrupt termina-

STEEL WORKER IS KILLED IN FALL AT POWER PLANT

Max Stigler, Milwaukee, Is Fatally Injured in 20-Foot Plunge.

Max Stigler, an employee of the Northwestern Hydro and Iron Works, Milwaukee, was fatally injured Saturday afternoon at 10 o'clock Saturday morning when he fell from the power plant at the Wisconsin Traction, Light, Heat and Power company. He was still alive when picked up and was rushed to St. Elizabeth hospital, where he died a few moments later. The body will be taken to Milwaukee for burial.

None of the workmen seemed to know just how Stigler happened to fall. He was working with a Milwaukee crew removing steel girders from an outdoor substation next to the power plant, preparatory to erecting a larger one which the Milwaukee company was awarded a contract for. With another worker, Stigler was standing on a beam about 20 feet above the ground. He was guiding one end of a girder that was to be lowered when he fell backward, eventually losing his balance.

The man fell in a heap on the concrete below and appeared to have crushed his skull at the base of the brain. His left arm was broken and he is believed to have suffered internal injuries. He was a comparatively young man and is thought to be unmarried.

pointees will be allowed to remain at their posts. It is understood, it being Harding's purpose to recognize ability in the diplomatic staff.

Members of the White House Saturday with its gates open for the first time since war was declared, presented an old time picture. Hundreds roamed over the lawn and through the corridors.

Harding wanted to do as little hand-shaking as possible Saturday. He hopes to get the affairs of his administration under way, attend the funeral services of Champ Clark and play golf.

Meets Wallace First
Harding's first conference this morning was with Secretary of Agriculture Wallace.

White House officials said the president would be unable because of his heavy duties Saturday, to attend the funeral services of Champ Clark at the capitol, much as he wanted to do so.

Harding's first dictation was given to Miss Eva E. Uhl, and Miss Cornelia Mattern, who will be his personal stenographers at the White House.

The use of women stenographers is an innovation, former presidents having employed men.

Herbert Hoover, secretary of commerce, was the second cabinet member to confer with Harding Saturday.

FIRST WARD ASSN. PLANS BOX SOCIAL

Program Is to Be Presented in First Ward School Monday Evening.

An evening of social enjoyment is promised those who attend the meeting of the First Ward Parent-Teachers association at 7:30 Monday evening in the First ward school.

A box lunch is to be the chief feature. Women are to bring lunch enough for two, and George Wettengel as auctioneer will try to pry off not over 50 cents from each gentleman present. Purchasers will eat lunch with the owner of the box. The men are expected to be liberal with their money and eager to buy providing some attractive young ladies are present.

Pupils of the seventh grade are to stage a clever little play as part of the program. A. G. Osterhaus, principal, is to speak briefly on a new system for grading pupils. Invitations have been sent out all through the ward in anticipation of a large attendance. Anybody living within the ward has the privilege of attending.

SEE BEGINNING OF NEW ERA IN HARDING REGIME

By United Press Leased Wire
Chicago—The inauguration of President Harding cured the nation of industrial blues in the opinion of E. L. Cragen, head of the Aluminum Chemical company.

Readjustment in industry was completed by Harding's inauguration, Cragen said.

"In every industry there has been a certain apprehensive uneasiness," Cragen said.

"This, I believe, has now been dispelled."

He declared the business depression the country has been experiencing was mostly psychological.

"Manufacturers hardly knew what was coming next," he said.

"Neither did the retailers who cut down their orders. There has been a general letup in business."

Cragen said the overwhelming vote that swept the Harding administration into the White House showed that both capital and labor have utmost confidence in his administration.

"Thus with Harding's inauguration the peculiar psychological condition that has developed in industrial blue is over," he said.

WILSON WILL BE GIVEN HIS REAL PLACE IN HISTORY

Former President's Cabinet Pays Tribute in Letter of Farewell.

By United Press Leased Wire
Washington.—A letter of tribute to former President Wilson from the former Wilson cabinet was made public Saturday by the state department. The letter, signed by every member of the former cabinet, stated that "history will acclaim" the "great qualities" of the former president.

The text of the letter follows:

"The final moments of the cabinet on Tuesday found us quite unable to express the poignant feelings with which we realized that the hour of parting and official dispersal had arrived.

"Will you permit us to say to you now, and as simply as we can, how great a place you occupy in our honor, love and esteem?

"We have seen you in times of momentous crisis. We have seen your uncomplaining toll under the heavy and unremitting burdens of the presidency. We have had the inestimable privilege of sharing some of your labors. At all times you have been to us our ideal of a courageous, high-minded, modest gentleman, a patriotic servant, an intense and passionate lover of your country.

"You have displayed toward us a trust and confidence that has touched us all, supporting and defending us, when under partisan attacks, with staunch and unflinching loyalty, and placing at our command, always in the most considerate way, the wisdom of your counsel.

"History will acclaim your great qualities. We, who have known you so intimately, bear witness to them now.

"We fervently wish you, dear Mr. President, long life and the happiness that you so richly deserve and have so abundantly earned."

BOX FACTORY HAS PLENTY OF WORK

New Machinery Is Installed in Plant of Konz Box and Lumber Co.

The Konz Box and Lumber Co., at the entrance of the old fair grounds, is one of the few Appleton industries not affected by the present business depression. All departments of the plant are in full operation and putting in full time.

From the amount of logs and lumber piled up the plant could easily be mistaken for a saw mill. The company has been provided with additional side tracks which are filled with cars waiting to be unloaded. At present the company is greatly handicapped for yard room.

The logs and lumber are used by the company in the manufacture of cheese boxes with which it supplies the country for a delivery of over 100 miles. Most of the delivering is done by motor trucks.

The company's saw mill has been in operation for some time but has made very little impression on the logs which arrive by rail about as fast as they are converted into lumber. A large number of logs are also being hauled to the plant by farmers. Additional machinery is soon to be installed, the company having purchased several pieces from Hilbert Woodware Co., which has just gone out of business. The company's branch factory at Seymour, destroyed by fire nearly a year ago, will be ready to resume operations within the next two weeks.

ANTI-RED MOVEMENT SPREADING IN RUSSIA

By United Press Leased Wire
Helsingfors.—Russian rebels have seized the Baltic fleet and land fortifications, reports from Reval said Saturday.

Sailors in Petrograd were reported flocking to the White standard. The developments indicated a great gain in strength for the White forces which apparently were in command at Kronstadt, headquarters for the Baltic fleet and the naval training establishment.

Helsingfors.—The anti-bolshevik revolution is spreading throughout Russia, according to dispatches received here Saturday.

Revolutionary forces are in complete control of Petrograd and the naval base of Kronstadt, it was claimed in a communique signed by the "revolutionary committee."

More than fifty persons have been killed and eight hundred wounded in street fighting in Moscow, where 25,000 soviet troops are said to have mutinied when they were ordered northward to crush the rebellion. Additional Red forces are reported to have been ordered from the southern provinces.

By United Press Leased Wire

Immense Audience Greeted Talented Musicians in Lawrence Chapel.

Not since the Fionnaly quartet appeared in Appleton a few years ago have local music lovers listened to so splendid a program of chamber music as was presented by the New York Chamber Music society before an immense audience in Lawrence Memorial chapel Friday evening. The program was the seventh number of the Appleton Community Lecture and Artists series.

Nine men and one woman made up the society and every member is an artist. Their rendition of ensemble numbers could hardly be surpassed.

of the Appleton Motor Boat club Thursday evening and it was quite generally understood that when the time came for dismantling them they will be replaced by a municipal boat house of sufficient size to accommodate all the launches.

Plans for the coming summer were discussed at the meeting which was followed by a lunch and smoker. George Catlin, a member of the club who has been spending the winter at Seattle, Wash., in company with Mrs. Catlin and children, is expected home the latter part of the month.

PICK HOLSTEINS FOR SALE IN MAY

Sales Committee of Holstein Association Has Part of Cows Selected.

About 25 pure bred Holstein females have been listed by the sales committee of the Outagamie County Holstein Breeders association for the sale here May 27. Three members of the committee, Fred Ziegler, John Page and Paul O. Nyhus, farm agent of the First National bank, have been examining birds for several days, choosing some of the best animals obtainable.

Part of the coming year will be spent in the locality of Park Creek and Seymour, and Wednesday will be spent in the southwestern part of the county, where it is expected that the remaining animals will be found.

The association plans to offer 45 females and 10 pure bred sires at the spring sale. They are guided in their choice by the type and size of the Holsteines, by their ancestry and by their production records. No animal will be offered that will not sustain the county's reputation as one of the leading dairy sections of Wisconsin.

Install Cabinet
At 6:30 Sunday evening in Peabody hall the new Y. W. C. A. cabinet of Lawrence college will be installed. Miss Florence Clark, retiring president, will conduct the service.

MAIL INVITATIONS TO C. OF C. DINNER

First Annual Report of Chamber of Commerce Activities Will Be Read.

Letters of invitation to the annual meeting and good fellowship dinner of the Appleton Chamber of Commerce at 6:35 Tuesday evening, March 15, in Langstadt-Meyer company's new building were mailed to all the members Saturday by Secretary Hugh G. Corbett. Return cards were enclosed, requiring banquet reservations to be filed by March 12.

Annual reports of the activities of the chamber will be given out at the meeting and the new directors announced. Allen D. Albert, publicist and city planner, is to speak on "Forces That Make Cities."

Every member of the chamber is asked to bring another, so as to assure an attendance of not less than 200. Singing and entertainment are to be provided.

Ballots for director have been printed and are to be mailed out Monday. They contain quotations from the bylaws covering the election procedure and names of ten nominees from whom five are to be chosen to succeed those whose terms expire. The candidates are S. W. Murphy, Seymour Gmeiner, Chris Mullen, E. A. Schmalz, Harry Ingold, J. L. Wolf, R. W. Getschow, Ambrose Wilton, Conrad Verbrick and Robert O. Schmidt.

Homer H. Benton, Karl Schuetter and H. L. Dawson have been appointed election judges. All ballots are to be received by them at the office of the chamber between 12 and 5 o'clock Monday afternoon, March 14. Envelopes are enclosed so ballots may be mailed back, and are addressed to the judges. Ballots may be left at the office in person, or returned in any way so they reach the judges on time. The results will be tabulated and the returns announced at Tuesday's dinner.

WOULD-BE BURGLARS ARE SENT TO PRISON

McGaghery Gets Three Year Term and Helmuth Must Serve Eighteen Months.

James McGaghery and William Helmuth, who were arrested two weeks ago with burglar tools and nitro-glycerine in their possession, were sentenced by Judge A. M. Spencer to the state penitentiary Saturday morning. McGaghery for three years and Helmuth for one and one-half years. Mrs. McGaghery, who was in the courtroom at the time sentence was pronounced on her husband, fainted and was removed to an adjoining office where she was given prompt medical attention by a physician.

KAUKAUNA WOMAN IS DENIED A DIVORCE

Alice Steffen of Kaukauna was denied a divorce from her husband, William Steffen, in municipal court Saturday morning. The separation was sought on the ground of cruel and inhuman treatment. The couple was married 17 years ago and has four children. Quite a number of witnesses were examined and the courtroom was filled with spectators from Kaukauna.

Lydia Knabenbauer was granted a divorce from her husband, Joseph Knabenbauer, Friday afternoon on the ground of desertion.

NOTED SONGSTER WILL LEAD MEN'S MEET AT 8:45

John P. Hillis, singer and orator, activities secretary of the Milwaukee Y. M. C. A., will lead the men's meeting Sunday afternoon in the Y. M. C. A. Mr. Hillis is one of the most noted Y. M. C. A. workers in the middle west. He was one of the singers with the Wilbur Chapman evangelistic party and last summer had charge of the music for the eastern Y. M. C. A. summer school which was attended by more than 1,000 persons. He has been song leader for many conventions and is an excellent soloist.

His program for Sunday includes breakfast service for dormitory men at 9 A. M.; address in Baptist church at 11 A. M. and men's meeting in the Y. M. C. A. at 8:45 P. M.

Want Platoon System
Firemen in Appleton are watching the newspapers closely these days to see what the state legislature does with the pending bill authorizing a 2-platoon system in all fire departments. Passage of the bill would mean the addition of enough men so an alternate 12-hour shift could be arranged instead of the present system whereby a fireman is on duty 72 hours at a stretch.

UNION SYSTEM OF SCHOOLS MAY BE FORCED ON CITY

Uniform School Administration in State Is Sought in Assembly Bill.

Establishment of a union school system to replace the present district system may be made compulsory in Appleton if the Peterson bill now before the Wisconsin legislature is enacted into law, according to word from Madison. The Peterson bill provides for uniform school administration in the state, divorce of school boards from the common council and election of school officers directly by the people in general elections. The bill also would give the school board power to levy taxes within certain limits, power to raise more taxes if approved at a referendum and absolute control of school finances without recourse to the city administration.

The most drastic change, so far as Appleton is concerned, would be elimination of the several school boards and the creation of one board of not more than seven members. They would be elected at the spring municipal elections. Instead of at school meetings attended only by persons interested enough in school affairs to attend these gatherings.

Difficult Situation
Enactment of that bill into law undoubtedly would create a rather difficult situation here, making necessary an agreement on pooling school resources. School districts now are owners of these school properties and it undoubtedly would be hard to determine the benefits and damages according to each district if consolidation is ordered.

Other changes provided for in the bill would not seriously affect Appleton. The school districts now determine the school budget and it is practically incumbent on the common council to include that budget in the tax levy. There is no disposition on the part of the city administration here to dictate school policies or to determine how the district money shall be spent.

Placing absolute control of school policies in the hands of the school board, however, might possibly do away with controversy between the board and the council over expansion of the school system. Disagreement over construction of junior high schools here was an example of dual control over school affairs. There is nothing in the bill, however, according to information here, which takes away the council's authority to withhold its approval to bonding the city for school purposes.

FOREST-CO. TAKES CARE OF TOURISTS

Free Camping Sites Are Maintained by County Highway Commissioner.

How Forest-co., in northern Wisconsin, one of the beauty spots in America, takes care of tourists who chance to pass through it is described in an article submitted to the Post-Crescent by Fred J. Rogers of Grandon, Forest-co., highway commissioner. Mr. Rogers and other Forest-co. authorities want tourists to feel they are welcome when they pass through the county and are doing all in their power to make them comfortable.

Mr. Rogers' article follows:
"Louisiana tourist extend thanks for your hospitality."
"I found these words written on a paper plate tacked to a tree at one of our Tourists' Public Camp sites."

"You are entirely welcome, Mr. and Mrs. Tourist, and we have made these sites possible so that you will enjoy them and come again."

"Hundreds of tourists from all over the United States have camped here, several at each site each night, some staying several weeks, and a number coming back two or three times during the summer."

"It remained for some of our guests to discover that lakes contained fish that we natives knew nothing about, and had the time of their lives getting the big ones."

"I started out this spring to clean out and mark the several springs we have along our highways. I supplied the springs with drinking cups and as I passed by on my trips throughout the county, I could see tourists stopping for a drink, and the roads showed signs of wear where they had turned out. Some at their lunches at the spring."

"I then got permission from some of the land owners abutting our lakes to clear off some of the brush, and built tables, chairs, benches, fire places of stone, arranged sticks to hold pails, and kettles, provided a barrel for waste paper and cans, barked dry wood from the mills (furnish fuel at Grandon) for camp fires (this is to prevent cutting of trees at the site), cleared places for tents, provided poles with canvas cover should anyone get caught in the rain, placed magazines and Tourists' guide books there, and took out daily papers each day. Each site was marked:

"Tourists' Public Camp Site. You are Welcome. Maintained by Forest County."

"We have marked every lake along our highways like this:

"Forest County, Lake Metonga."

"This gives the tourist the name of the county and the lake that they are viewing, passing or camping on."

"The signs are made of heavy steel, painted black with the lettering in aluminum. The posts are painted white, and are set in pretty places on right of way, as near the lake as possible."

"The tourists have told me that they were much pleased with the sites, complaining that in southern counties and states, most of the pretty spots at lakes and streams are marked 'Private Property.' 'Keep Off.' 'No Trespass.' In Forest co. we want

SET MARCH 16 AS DATE OF HEARING

Complaint Against Traction Company Will Be Aired in City Hall.

Hearing on the complaint of C. R. Seaborn, 427 Walnut-st., and 26 others, that the street car service to Appleton Junction is inadequate and that the Wisconsin Traction, Light Heat and Power Co. is not issuing commutation tickets, will be held in the city hall here at 10 o'clock Wednesday morning, March 16, it was announced by the Railroad Commission of Wisconsin. Notices of the hearing have been served on the traction company and the complainants.

Mr. Seaborn alleged 'in his complaint that many street car patrons are obliged to stand while riding toward the junction on the cars in the late afternoon. He also charged the commission made it impossible for the motorman or conductor to collect all the fares and this had a tendency toward boosting rates."

A. K. Ellis, superintendent of the traction company, has said an extra car has been available for junction service for several months and that it is pressed into service whenever the regular car cannot comfortably accommodate all who wish to ride."

The hearing is open to the public and the commission has invited all interested persons to attend and present evidence."

LOCAL COMPANY TO MAKE NEW PRODUCTS

Appleton Wood Products Company Will Extend Scope of Operations.

Appleton Wood Products Co. at Appleton Junction, which sends its meat blocks to all parts of the country, is about to commence the manufacture of several additional articles in the wood products line that promise to meet a long felt want on the part of meat markets and hotels.

One is a meat truck constructed of maple and handsomely finished which can also be used in hotels and restaurants for conveying dishes to and from the dining room. Instead of meat being cut as ordered the majority of meat markets now cut it in a back room by machines designed for that purpose and carry it in various ways to glass cases where it is placed on sale.

Up to the present time there has been no device for conveying the meat from the cutting room to these glass cases. The truck is about 40 inches in length by 30 inches in width and the top section is about four inches deep. Underneath this are several shelves for trays. The truck is equipped with rubber tired wheels and can be operated with ease.

Another article that promises to be in demand is a combination meat block, sink and drain board for hotels and restaurants. The sink is in the center and can be detached for cleaning as can also the meat block and drain board. A combination meat block and work table with drawers will also be manufactured.

A casing table with a drain in the center and equipped with several labor saving devices for use in sausage factories is another article for which there is great need. A sausage truck has also been designed by the company.

All these articles have been tested out and perfected in some of the busiest meat markets and hotels of the state, including Appleton, and the designers believe they are as nearly perfect as can be made. They are to

EXPECT MANY AT LEGION MEETING

Special Program Is Arranged as a Reception for New Members of the Post.

An attendance that will pack Elk hall is expected at the jubilee meeting and new member reception of Oney Johnston post of the American Legion at 8 o'clock Monday evening. Notice has been sent to all of the 600 members to be sure to attend.

J. H. McMillan, Green Bay, speaker of the evening, is one of the most popular figures in the state among former service men. In the service during the war himself, he speaks with authority on legion matters. He is familiar with the purpose and program of the national and state organizations, and has a real message for those who hear him.

Special effort has been made by Martin Peeters and members of the entertainment committee to arrange an attractive amusement program. There will be "something doing every minute," in the words of committee members. Lunch is to be served. This will be the first meeting in charge of the newly elected officers and committees. Charles C. Baker, post commander, expects to preside.

BUSINESS CORNER CHANGES OWNERSHIP

Announcement was made Saturday morning of the sale of two buildings at the corner of College ave and Madison-st. by heirs of the late Eliza Beth E. Patten to Oscar W. Blumchen, who is connected with the College Inn. The property includes the Veight drug store, American Express Co. office and the College Inn. The new owner is to take possession

be placed on the market at once and will be manufactured on an extensive scale.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like.

WHICH DO YOU WANT?

Clover, Alfalfa, Peanuts, Soy Beans, Cow Peas and all other legume crops require very large amounts of sulphur, which according to recent Agricultural Station experiments, and experience of successful farmers, is best and most economically supplied with

Ben Franklin Agricultural Gypsum (LAND PLASTER)

By increasing legume growth Gypsum increases the nitrogen supplied to crops. Increases of several hundred per cent in tonnage yield of Clover and Alfalfa are not unusual when AGRICULTURAL GYPSUM is used. We can supply you Ben Franklin Agricultural Gypsum. Need Woman's Building

The regular meeting of the Board of Directors of the Appleton Woman's club was held at 4 o'clock Thursday afternoon at the club rooms. A great deal of important business came up before the board.

The business session was followed by a supper at which Mrs. G. M. Schumaker, Mrs. Frank Wright, Mrs. R. S. Powell and Miss Genevieve Carroll were hostesses.

Miss Constance Johnson, recreational director, presented a report of the recreation department which showed the need of a woman's building. She reported 380 girls enrolled in regular classes and club activities for the week.

Ten parties were given during the month of February for the different groups of girls and friends. As there are only two open evenings a week this is quite a record.

Miss Johnson pointed out the great need of more leaders for the different groups especially scout and campfire girls.

The Willy home on Kimball-st., was announced ready for occupancy by Miss Anna Goenen, chairman of committee on preparing and opening the home. It has been opened for working widows with children who desire a home where their little ones may be in competent hands. A matron has been installed, and several mothers have already applied for rooms.

Entertains Cage Team

Robert Bonini, 699 Law-st., entertained the members of the Appleton high school basketball team. Prof. Lee C. Rasey and Coach A. K. Vincent at a dinner party at his home Thursday evening.

A feature of the evening was the initiation of Prof. Rasey into the mysteries of the "Eleven-eleven" club.

The dinner was followed by an informal get-together. The guests were: From L. C. Rasey, A. K. Vincent, John Rousey, Lee Laughlin, Robert Stodman, Bert Fischer, Dan Courtney, Everett Johnson, Victor Hagen, Harold Bries, John Zussman, Nathan Bloomer and Phillip Jacobson.

Install at Kaukauna

Several Appleton Masonic lodge members were in Kaukauna Friday evening to attend the installation of officers of the Royal Arch Masons. John Lappen acted as installing officer.

The lodge was organized sometime ago and was conducted under a special dispensation, but recently received its charter. A dinner was served previous to the installation.

Athena Society

Athena literary society of Lawrence College will meet Saturday evening in the Athena room in Carnegie library.

Miss Lorraine Berger will give a review of the play "Middletown". A musical number will be given by Miss Henrietta Ralph and Miss Marita Wilder. They will give several readings from Middletown.

Entertains At Dinner

Miss Wilma Thiede, 776 De-st., entertained nine high school girls at a dinner party Friday evening. Decorations were in high school colors. The dinner was followed by games. Prizes were won by the Misses Katherine Pratt, Dorothy Murphy and Mary Thom.

Old Fashioned Sociable

"Put on your old gray bonnet with the blue ribbon on it and come to the old-fashioned sociable to be given by the woman's club next Tuesday evening at 7:30 at the Elks Club." That is the good word sent out by the committee in charge. They are

promising club members a lot of fun if they'll come in old-fashioned clothes and "act up."

There are to be old-fashioned things to do and old-fashioned things to eat. Some special stunts will be put on for those who like to just sit and look on. Busting will be brief and very interesting. The nominating committee, which sat in secret session for some time, will announce candidates for office and directorships in the club.

Faculty Tea

The regular monthly faculty tea of Lawrence college will be held from 3 until 5 o'clock Saturday afternoon in Carnegie library. The committee consists of Mrs. J. H. Farley, Mrs. Mary Housel, Miss Dai Ingold, Miss Kline, Mrs. Edith Wright, Miss Almira P. er and Mrs. Laura Brigham.

Travel Class

Mrs. Harry Peabody, 706 Lawrence-st., will entertain the Travel class Monday. Mrs. Mary Stansbury will give a paper on Henrie Ibsen. Several readings from his plays will be given.

Royal Neighbors Meeting

A card party for members only is to be held in connection with the regular meeting of the Royal Neighbors at 7:30 Monday evening in South Masonic hall.

Security Tea

Miss Mable Cass, Miss Esther Nelson and Miss Margaret Bjorn entertained the active and pledges of Kappa Alpha Theta sorority at a tea Saturday afternoon at the chapter rooms.

Evangelical Choir

A special meeting of the Evangelical choir is to be held at 2:30 Sunday afternoon in the church to rehearse Easter music.

Entertains At Tea

Mrs. Samuel Plantz, 545 Union-st., entertained at a tea at 4 o'clock Friday afternoon for Adelphi.

Runaway Team Runs Into A Stonewall

What looked like a serious accident, but what fortunately proved of little consequence occurred Friday afternoon when a team driven by Mr. Baker, Spencer-st., and his son Alfred, became frightened and ran down Prospect-st. hill.

Unable to turn either north or south because of the speed at which they were going when Pearl street was reached, the horses ran against the wall on the east side of the street, breaking the pole of the light wagon they were pulling. Mr. Baker was thrown between the horses and the wall, but emerged with only a few scratches. She was badly shaken up. The boy was unhurt.

The team was owned by Albert Tillman, a neighbor of Mrs. Baker. Despite their sudden contact with the wall, both animals had only a few cuts and bruises which were not of a serious nature.

Philip Salchert, a former Appleton man, who has been employed in a shoe-bagging clothing store for the last 20 years, has just engaged in business for himself, opening up a new clothing store in that city.

THE BOOK OF DEBORAH

Ann's "Waiting at the Church" Proves to be a Healthy to Deb

Storms usually exhilarate me. My spirits rise with the fall of the barometer, but that tornado chilled my soul as well as my body. We sat in the car long after the train had ceased and the sky had brightened.

"We'd make a track like a serpent in that mud," remarked Ann, who, it seemed to me, was doing an unnecessary amount of fussing with her car. Suddenly she stopped, whistling "Waiting at the Church" and announced:

"It did, girl."

"What did what?"

"Storm grounded our ignition." After handing us this bitter morsel, Ann sank back in her seat and folded her arms on her chest. With her tremor pulled over her eyes, she looked like some miniature Napoleon meditating upon Waterloo.

"How much more time before that train?" I asked.

"An hour," Deb answered, section of the country. Around us rolled the low hills of a grazing district.

"Ted will have to lose that train," Ann remarked quite heartily. And then with sudden interest, "I see wood smoke over the hill. You girls stay in the car and keep your feet dry."

With the words, she leaped into the mud and her pretty boots and putts had their first chance to prove their value.

Of course, she returned in triumph. She was seated by the side of the driver of a two-seated buggy drawn by a pair of fine horses. The driver said that usually he could get to the Valley station in thirty minutes but that day it would probably take twice as long. And it did. Deb was calm when

we reached the parsonage, much more calm than I. In fact, I was oppressed with the dread that fortune had "queered" Deb's elopement, and so sure that it had been queered that I failed to be surprised Ted Moore did not run out of the parsonage to greet us. I didn't wait to let Deb express her own surprise.

"Sit still!" I said as I jumped from the buggy.

A young man had been there, he said, a most impatient young man. Later an elderly lady and an older man arrived. (There had been a very short conversation between them after which the young man had rushed off to catch the train for New York. The lady and the older gentleman were probably down at the station where the local, going west, would stop in about twenty minutes.

Perhaps because all the world loves a lover, the old minister ventured, sympathetically, to say that the younger man seemed quite upset after talking with the old lady.

"To the Valley Station," I directed our driver. Then I took Deb's cold hand in mine while I explained the situation.

"He's gone," she murmured.

"How could he? How could he?"

"I own I don't know how he could. But we'll soon find out."

I regarded the back of Ann's smart tricorne with stern eyes.

Deb suddenly withdrew her hand from mine and sat erect and indignant.

"Mother is at the station, of course. But who is the man?"

Ann, sitting in front of us, turned her head as if she were about to speak impulsively. Then she changed her mind.

"Pan, of course," I muttered.

"But how could they know my plan? And how dared they come?"

And when—what have they said to Ted?" Deb queried.

Here are shown two of the newest gowns designed in Paris. The gown at the left is of black chantilly lace with bodice and panels (front and back) of green and yellow shot silk, gold galloon and tinsel trimmings. At the right is a gown of white satin, train-lined with black satin, with black jet trimmings and satin lace across the bodice.

STUDENTS STIR UP "PEP" FOR GAME

Downtown Section Made Lively by Demonstration Friday Evening.

Oshkosh eagles will find Saturday evening's basketball game with Appleton high school one of the most largely attended of the season, coupled with enthusiasm seldom seen in school events.

A "pep" demonstration was held Friday evening as a preliminary to the game. Several hundred students met at the school building early in the evening and arranged a parade through the downtown section amid yelling and singing that made Appleton a lively place for an hour or more.

A drum corps of the boy scouts headed the procession, followed by automobiles carrying the players. The students followed in a long column. Horns, squawkers and other noisy devices were kept in action to increase the din. The automobiles were decorated with the school colors.

Two overenthusiastic young men supplied themselves with revolvers and were discharging a volley of blank cartridges as they marched. Not knowing what was going on, the entire neighborhood on Oneida street was stirred up by the sudden shooting. Police officers hearing the shots took the two young men to the police station and dispossessed them of their guns. They are to appear at the station again Saturday afternoon. The shooting was done in violation of a city ordinance, and was halted because of the possible danger.

MAYOR OPPOSES NEW HEALTH DEPT. BILL

Mayor J. A. Hawes has returned from Madison, where he attended hearings on two municipal bills before the legislature. One concerned the salary of health officers which it was proposed to base on the population of a city, an amount equal to 10 per cent of the population. The plan might work out satisfactorily in small cities, but would be a heavy burden in cities the size of Appleton where two health officers are employed. All bills relating to cities are closely studied by the League of Municipalities which usually has a number of city officials present at hearings.

WORK IS SUSPENDED ON KNOKE SAWMILL

Owing to the condition of the lumber market no work has been done all winter on the new sawmill of Otto E. Knoke at the old fair grounds. The building was inclosed last fall when work was dropped for the time being. Mr. Knoke is from Hatley, Wis., where he has owned a saw mill and stock farm for a number of years. It is his intention to move to Appleton as soon as his new mill is in operation.

Mrs. C. A. Pardee, Jr., and mother, Mrs. Emil G. Beck of Chicago, who have been here for the last two weeks, left Saturday morning for Chicago, where with Dr. Beck, they will join a party of friends for a six weeks' trip to California.

D. S. Stewart of Anigo is in Appleton on business.

Adventures of the Twins

Oliver Roberts Barton

"The Room of Babies" Nancy and Nick were astonished to see a French poodle as large as an ox standing before them.

"They were in the Cave of Gongs on their way to the South Pole."

"I suppose you are surprised," said the poodle. "No, I don't suppose, either. I am convinced. And no wonder. I'm rather persuaded myself that I'm an oddity. But may, really, it isn't my fault that I'm so large. In fact, it isn't my fault that I'm here at all."

"Enchanted!" cried the twins.

"Yes, Snitcher-Snatch enchanted the whole circus."

"The Snitcher-Snatch who stole the toys!"

"Yes, he enchanted everyone of us. He needed guards for this secret passage of his under the world to his home at the South Pole, and he picked on us to do it, from the clown to the cockatoo. I know that you have made clown's acquaintance already."

UNCLE SAM CAN HELP YOU PAY YOUR TAXES

Hardships of taxpaying time may be averted if people would take advantage of Uncle Sam's thrift plans, Gustave Keller, postmaster, announces. People who buy \$5 stamps each month during the year find they have the money for taxes on hand when the time comes.

"Most people can estimate their taxes in advance," Mr. Keller said, "if they would budget the amount and arrange to buy a certain number of \$5 stamps each month, they would find it much easier to meet their payments when the time comes. Five dollar stamps may be purchased for \$4.14 during March, and increase in value each month. The person who accumulates these small securities provided by Uncle Sam is able to cash them in January and draws the accumulated interest. This plan of saving month by month is a systematic and easy way to solve the tax problem, and ought to appeal to a large number of people."

church for instructions and will then go to assigned districts, calling at every home where there are members or prospective members.

Information cards have been distributed to each family, asking for names of who might be brought into the fellowship of the church, of afflicted, needy or aged ones who need pastoral care. Suggestions for conduct of the church work are also sought.

This visitation will be a forerunner of a 100 per cent Sunday on March 12, when every member will be expected to attend the morning or evening service. The slogan is "every member present or accounted for."

An automobile squad will convey to the church all who are unable to walk. Printed slips are provided each member on which to sign his name and place on the contribution plate showing he attended on that Sunday.

News of Interest From County and State

AGED WOMAN LEAVES FORTUNE IN TRUNK

Stevens Point Hermit's Home Reveals \$34,000 and Other Valuables.

Stevens Point.—A fortune has been discovered in an old trunk at the home of Mrs. Edith Van Houten who was found dead in a chair in her home here, where she had lived alone for nearly fifteen years.

Certificates of deposit notes, bonds, checks and cash representing an aggregate value of \$34,000, together with jewelry and other valuables, came to light when a public administrator and county officials ran across the trunk in an unused room in her house, they revealed on Friday.

The status of Mrs. Van Houten's estate is not known. If she left a will it has not yet been found and if she did there is some question as to whether the estate was left in such condition that the heirs-at-law could successfully prosecute claims. Mrs. Eva Clements of Chicago, and Mrs. Charlotte Elake of Compton, Quebec, Canada, aunts, are the dead woman's nearest living relatives.

Mrs. Van Houten's husband, Rodney Van Houten, an early day Stevens Point merchant, died at Hinsdale, Ill., in December, 1908. In addition to a personal estate of \$5,000 he left an interest in the estate of a brother, Walter Van Houten, who died in New York City in September of the same year. Walter Van Houten left the residue of his estate, valued at more than \$47,000, to his brother, Rodney. The latter, in his will, left the residue of his estate to his wife for her use and benefit during her natural life, and benefit during her natural life, to his widow and after her death to the Hinsdale Sanitarium and Benevolent association of Hinsdale, Ill., a Seventh Day Adventist institution. It now develops that Mrs. Van Houten, following her husband's death, gave to the Hinsdale institution immediate possession of the property she was willed in consideration of an annuity of \$250 per month. It is said that approximately \$27,000 has been paid to her in this way during more than twelve years the contract was in force, in addition to which she received interest on bank deposits and loans.

Mrs. Van Houten lived frugally and, as the inventory of her property shows, saved most of her income. Immediately after her death steps were taken by the authorities to protect the property and an undersheriff placed in charge of the house. A thorough search of the premises was then made and the valuables discovered. A check for \$250 was mailed to Mrs. Van Houten the day she died. Her death was due to natural causes, following an illness of several weeks.

PUTS STATE RIGHT ON HIGHWAY FUNDS

Highway Commission Tells Where That \$27,000,000 Road Money Now Is.

(Special to Post-Crescent)
Madison.—A wrong impression rather generally prevails, the highway commission finds, as to where the \$27,000,000 available for highway construction work in Wisconsin for the year 1931 came from and where this large sum is. Some explanation, therefore, is necessary to make the matter clear.

In the first place, \$4,000,000 of the amount is the unexpended balance from 1930. Then to take the sums in their order as they appear in the highway commission's report:

For federal aid roads there is \$7,103,625 available. One third of this comes from the federal government and in order that the state may secure it, the state itself must raise one-third of the \$7,103,625 and the counties the remaining third. Of the \$2,447,510 available for state aid roads, the state contributes \$785,000 and the counties the balance. The \$276,395 available for county aid roads, the \$1,246,405 available for county aid bridges, bond issues for state trunk highway, aggregating \$5,813,292, the \$316,000 available for state trunk highway maintenance, the \$2,085,000 available for maintenance of county trunk systems, quarries and pits products \$139,220, machinery \$800,454, for emergency use \$285,948, are all raised by the counties. The \$2,300,000 available for maintenance from the state comes from automobile licenses. This accounts for the whole \$27,000,000 available for 1931, for roads and bridges in Wisconsin.

RATE BOARD MAY BE ISSUE OF CAMPAIGN

Foe of Railroad Board Declares Taxpayers Are Demanding a Change.

(Special to Post-Crescent)
Madison, Wis.—Unless something is done during this session of the legislature to amend the powers of the present railroad commission, either by fixing or limiting that power or by changing the personnel by creating a new Public Utilities commission, the matter will be made an important issue in the next campaign in Wisconsin.

That was the statement made by assemblyman F. J. Petersen, Milwaukee, today in discussing a bill he is drafting to limit the powers of the commission and the rates which public utilities may charge. It was Dr. Petersen who fathered the interpellation proceedings which resulted in the members of the Railroad Commission being brought before the assembly to explain their action in the Milwaukee Gas company cases.

"I am receiving dozens of letters on every mail," declared Assemblyman Petersen and he displayed a large packet of letters just received, "urging that the present railroad commission be abolished or its powers curtailed so that it cannot place the entire burden of the present depression on the public instead of compelling the utilities to stand their proportionate share of the readjustment. Here is a letter from Fond du Lac, here is one from Sheboygan, these are from Racine, this one from Waukesha and all of these from Milwaukee," he added, "each praying for relief from the mandates of the commission. Something must be done and if my bill will not bring the relief and no other action is taken we will find the railroad commission will be made a campaign issue in 1932."

WAR RICH ARE BLAMED FOR MORAL BOLSHIEVISM

(Special to Post-Crescent)
New Haven, Conn.—England is threatened with moral and social bankruptcy, says Rev. W. R. Inge, dean of St. Paul's, London, in the Yale Review.

"An increase in sexual irregularities was to be expected," he writes, "and there is no doubt that the desire to give soldiers on leave a 'good time' led to many regrettable incidents."

But he attributes the immoral aftermath of war to the English millionaires made by the war.

FREIGHT THIEVES GET MUCH BOOTY

Milwaukee Police on Trail of Gang of Railroad Car Robbers.

(Special to Post-Crescent)
Milwaukee.—Burglary of between twelve or fifteen freight cars on the Northwestern road between Cudahy and St. Francis which is believed to be the work of a band of thieves, was reported to the Cudahy police on Friday.

Loot consisting of shoes, shirts and various other articles of clothing destined for northern points in Wisconsin valued at several thousands of dollars, was removed from the cars to automobiles, according to the police.

Authorities are unable to state definitely the amount of the loss on Friday until they had communicated with officials at receiving points.

The cars were entered while the train was standing before a block signal a short distance out of Cudahy. The robbers were not discovered, however, until the train pulled into Butler where the entry to one car led to an investigation of the entire train, revealing a wholesale burglary.

Railroad detectives were immediately notified and joined the Cudahy police in a search which up to a late hour on Friday had not resulted in any arrests.

That the robbers were hasty in their work was evidenced by the small parcels of shoes and clothing strewn along the road near the railroad track.

NEW BUILDING BOSS TAKES DOWN ALL "CLOSED" SIGNS

(Special to Post-Crescent)
Madison.—For the first time in six years, in fact since the handsome Wisconsin capitol was completed all of the entrances to the building with the single exception of southwest are now open to the public daily and that entrance will be opened as soon as the office of the Prohibition Commission, now occupying the round room at that entrance can be moved.

J. D. Morrissey, state superintendent of public property, when he came to Madison less than one month ago was surprised to find the four main entrances to the capitol locked and signs placed on the steps leading to those entrances marked "CLOSED."

And one of the first questions he asked upon assuming his duties was the reason for closing the entrances. He was informed it was merely a matter of convenience. "This building is a public building," he declared, "it belongs to the people of Wisconsin and they are entitled to enter it by any of the twelve entrances. Hereafter all entrance doors will be unfastened and no more 'Closed' signs will appear about the capitol."

There are eight entrances on the ground floor, while the four main entrances to the building are on the first floor. These have never been opened to the public before.

FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on.

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (if often prevents pneumonia).

WANT FREE TESTING OF BADGER CATTLE

(Special to Post-Crescent)
Madison, Wis.—The assembly committee on agriculture will doubtless report for indefinite postponement the Freehold bill, No. 244 A, which, besides changing the present law relating to state aid for county fairs, also provides for the testing of badger cattle for tuberculosis.

The secretary of state, contains a new section providing for a two days fair school and another section providing for state aid to the Waukesha County Dairy and Agricultural association for its annual midwinter dairy show.

It was also shown that the Waukesha County Dairy and Agricultural association is now receiving state aid for its midwinter show and the opponents of the bill declared there was no excuse for the measure. All spoke highly of the Waukesha show and that it was entitled to state aid, but only to the same extent that is afforded other counties for their fairs, while the bill as drafted would not limit the amount except that it should be 50 per cent of the premiums.

Assemblyman John L. Dahl, Barron county, secured favorable consideration of his bill providing for the free testing of cattle in a county under the supervision of the live stock sanitary board, for tuberculosis. He stated the bill was drafted at the request of the sanitary board to further the eradication of tuberculosis. It provides that the board, upon petition of 50 per cent or more of the cattle owners of a county, is authorized to the extent of the funds provided by law to test all cattle within the county without expenses to the owners.

COLLEGE MAT MEN
LOSE TO INDIANA
AFTER HARD FIGHT

Lawrence Men Take Two Out
of Three Bouts From Vis-
iting Squad

The University of Indiana wrestling team anticipated an easy victory over the Lawrence college matmen when they started their bout in Appleton. The visitors won the first 12 to 10, but were obliged to exert every bit of skill and strength they possessed. If the Lawrence heavyweights had done as well as the lighter men the Blue and White squad this morning would be entitled to the intercollegiate championship palm.

Henry Steff, Oshkosh middleweight, was a plaything in the hands of George Hill, the Appleton man throughout. Hill finished throwing him in 15 minutes and 40 seconds. Hill only applied one headlock and didn't squeeze hard that time. He used nothing but body holds which were sufficient to keep Steff more than busy.

The bouts were witnessed by an immense crowd. Fans generally were well pleased with the exhibition. The amateurs displayed dazzling speed and worked like veterans.

The most interesting scrap was between Alexander of Lawrence, and Radcliffe of Indiana, in the 125 pound class. The men wrestled six bouts to draw before Referee L. W. Rhodes awarded the decision to Alexander on points. The first four bouts were seven minutes each and the other two were three minutes each.

Rendie Lawrence's 115 pound representative won two out of three falls on decision from Staley of Indiana. Rendie won the first and third bouts but lost the second. A referee, Thomas of the Blue and White, in the 145 pound class, the visitor winning two falls on decisions. He was forced to work hard, however, to pile up enough points to win. Mark Anderson met a tartar in Mummy of Indiana in the 175 pound class. Mummy was heavier than the local man and also showed more experience. He threw Anderson in 4 minutes and 30 seconds with a body scissors and bar arm for the first fall and took the second with a headlock in 2 minutes and 50 seconds. Anderson put up a good fight as long as he lasted but his opponent's experience was too great a handicap.

The heretofore invincible Kubitz couldn't escape the deadly body scissors sported by Swaine, Indiana, in the 155 pound class and lost two straight falls, the first in 10 minutes, 30 seconds, and the second in 4 minutes, 30 seconds. Swaine used a bar arm in connection with his scissors to accomplish the final fall.

While Lawrence lost the bout it covered itself with glory. Meeting more experienced and older men the youthful collegians fought hard and gave the visitors and fans plenty of excitement.

WITH THE PLAYERS
IN THE SOUTHLAND

By United Press Leased Wire
Shreveport, La.—Manager Higgins will divide his Yankee flock into two teams Friday and stage the first six inning game of the season. Only the rookies will take part.

McMillan, one of the most promising prospects was shifted to third base Thursday where he made a great showing.

Giants Get Workout

San Antonio—With good weather the New York Giants will get their first real workout Friday. The field was so wet Thursday from recent rains that the few regulars present and the rookies had to be content with light exercise in the outfield.

Goldie Rapp, the \$15,000 American association beauty, is still missing and is causing Hughie Jennings some concern.

Red Sox On Way South

Boston—Manager Hugh Duff and fourteen Red Sox players departed Saturday for Hot Springs, Ark., for spring training.

ZIM'S TALE FAILS
TO GET ANYWHERE

By United Press Leased Wire
New York—Heinie Zimmerman's bomb turned out to be somewhat of a dud.

With the exception of some sections of the American league that would be glad to see a little dirt in the National league's backyard, the outburst from the former Giant's exposé was more likely a popgun than a big Bertha.

It seems that everyone knew about it but the public.

Mont. McGraw, manager of the Giants, it develops, knew that Zimmerman had offered Tooney, Benton and Kniff some money to throw a game without a few hours after the tender was made. The told him themselves and Zimmerman's "banishment" followed.

In San Antonio, Rubie Benton admitted without hesitation that Zimmerman offered him a bribe but he said it was \$400 instead of \$100.

"I just laughed and walked away from him. He told me after the game I was a fool to turn down easy money," Benton said.

McGraw remarked tersely that the tale of a dishonest by confession, should be ignored.

MARTINSON WILL
TACKLE HILL AGAIN
ON TUESDAY NIGHT

Return Bout Is Arranged for
March 8—Hill Is Work-
ing Hard.

The announcement which Appleton wrestling fans have been waiting for for some time was made Saturday morning by Promoter Elmer Johnston when he said Paul Martinson, Chicago heavyweight grappler, would be here for a return match with George Hill next Tuesday night, March 8. Martinson won from Hill in their last meeting here and the local man has been itching for another chance at the Chicagoan.

Hill is practically recovered from injuries suffered when he was thrown over Martinson's head in their last meeting. His neck has lost its stiffness and his eyes are much better. Hill was handicapped in his appearance with Martinson by a badly inflamed eye which caused him considerable pain.

He has been working hard for the scrap and is in splendid condition. He will go on the mat weighing about 190 pounds while Martinson probably will tip the scales between 225 and 250 pounds.

Hill has been perfecting a defense against Martinson's favorite holds—the firing mare and the wristlock. The wristlock caused Hill considerable trouble two weeks ago and was thrown by the firing mare. Hill also is devising new ways of applying the headlock to the big Dane and is confident of putting enough pressure on his opponent's head to gain the necessary two falls.

Interest in the bout is at a fever pitch. There are a lot of fans here who believe Martinson is too big a name for Hill but they are anxious to see the local man try it again. A record breaking attendance is expected.

Leave for Texas
Chicago—Headed by Manager Wilham Gleason, twenty White Sox players will leave here Friday night for training camp in Waukegan, Texas. The remainder of the team will leave within a few days.

The second contingent of Cubs left Friday for Santa Catalina Island, California.

Shreveport, La.—In a game between two teams of the Yankee rookie squad Friday, McGraw, one of the prize youngsters, hit his fourth home run. Babe Ruth is expected to arrive Sunday.

The whole town is to turn out for the King swatter.

San Antonio—Fred Toney and Goldie Rapp are hotshots, the Giants in camp here heard Saturday. On his arrival here Friday Manager McGraw gave the tribe another short when he announced there probably would be no games between the Giants and the Tigers who are also training here.

"Cobb will have to come to see me," he said.

Giants Fans Eager To Hear "E-Yah"

Giant fans will learn a new lingo this summer.

When Hughie Jennings screeches his first "E-Yah" in his new home at the Polo Grounds they will get their first baptism.

According to the handwriting on the wall John McGraw will fade out after 17 years of service.

Jennings, for 13 years a Detroit drawing card, is to lead the team on the field.

His famous yell, "E-Yah! The 'em. Ter!" will be changed to "E-Yah! Frisk 'em. Frisk."

Picking the Blade.
The blades of grass he used to pick at the Bengal park will grow again.

The coaching boxes at the Polo Grounds will make the park lawn mow useful only as an ornament.

At Detroit Jennings was known as an eccentric manager.

His famous "E-Yah" and grass-eating tactics have amused thousands.

Jennings has become as much of a character in baseball as the trade mark on a Louisville slugger bat.

To the average fan his screechings are crazy yells.

In reality they are condensed sentences and camouflaged signals.

"E-Yah" Yell
The "E-Yah" yell originated in the 1917 training camp of the Tigers at Macon, Ga., during an exhibition game with Cleveland.

Jennings had been yelling, "That's the way! That's the way!" until his throat was parched.

It was easier to yell "Thawaway" and was quicker when timely signals meant a stolen base.

For variation he tried it "Sa-way-ah" which relieved his coaching bronchial tubes still more.

But at Macon he coined the real thing—the yell that couldn't be improved on—"E-Yah!"

It had the pep. It had the swing, rhythm and everything.

Quick Success
Jennings has gone through both the dark and halcyon days as a manager.

He came from Baltimore in 1907 and took the Tigers from a second division club to the top the first leap.

The next year and the next he won pennants.

His team was never a great playing club. It was terrific hitting that won for them.

Backing weak pitching practically all the time, the "E-Yah" pep spurred his men on to hit their heads off.

In later years he seemed to lose his ability in inspiring his men and they have finished poorly.

The change will give Jennings a new setting for his color coaching.

Many a rally will be started during the coming campaign by his screeching "E-Yah" yell.

McGraw, now giving most of his time to being a magnate and race-track owner, will be glad to let his mantle slip to willing shoulders.

And New York is eager to learn the "E-Yah" language which only Jennings speaks.

Active leading feminine roles and from reports from the larger cities will prove a treat for the people of Appleton.

It was at the close of Miss Elliott's extended tour of this play that the Shubert management of Milwaukee secured her to play her part with the company when they presented this play a few weeks ago and the Milwaukee Journal said "She not only provides able assistance but in many parts practically carries the play," and it is with great pleasure that Earl Young announces Miss Elliott as his leading woman.

There are several old members in the cast together with a few new ones and it is hoped that the welcome dis played to the company last season will repeat itself in this coming engagement.

The play Thursday evening will be the Broadway success in which William Courtney and Tom Wise starred, "Pale First." A play that will interest the old as well as the young and between the acts of the play vaudeville acts will be presented.

Hugo Goodwin
Hugo Goodwin who plays here March 8 in Lawrence Memorial chapel is known as one of America's great organists. He is one of the few doing all the concert work from memory.

Last spring Mr. Goodwin made a tour through the west, and is already engaged for 25 concerts through Illinois, Iowa, Nebraska, Colorado, Utah, Montana, Washington, Oregon and California. He is noted for his ability to rivet the attention of an audience by his superb technique, by his colorful interpretations, and above all by his carefully built programs which are so constructed as to sustain the interest of his hearers throughout his concerts.

Accompanying Mr. Goodwin will be Master Douglas Smith who is making such a fine reputation for himself through his lovely voice, his fine musicianship, and his charming modest though strong personality.

Being as one league permits the spit ball, it is likely Judge Landis will prolong the life of the veterans with an official reprieve.

On Thursday evening March 10, Earl Young, the popular singing comedian, will bring his own company to Appleton Theatre for a four-day engagement.

Mr. Young, better known as just Earl in Appleton, as Appleton claims him as her own, will be seen in some of the cleverest work yet and this season he has with him one of the strongest companies ever seen playing this territory.

Conference Champions Have
Easy Time With Wau-

Ripon, Wis.—Taking the lead from the start, the Ripon college quintet defeated the Carroll college five Friday night by a 23 to 16 count. The Waukesha lads battled hard to take the final game of the Little Five conference, but to no avail. Their efforts were all in vain and the leaders were again victorious.

Capt. Schneider at the center position played exceptionally well, while Eaton and Rundahl were the leading scorers. Eaton scored four baskets and Rundahl scored three.

The first half was a battle with both teams closely guarded. The half ended 10 to 7, favoring Ripon. Carroll did not start scoring until after eleven minutes of play and were tied with Ripon until Rundahl dropped in two long ones.

Christianian played the stellar scoring game and it was through his untiring efforts in the first half that his team managed to get started in the second half and soon brought the score up to the 23 mark.

HIGH SCHOOL WILL PRESENT OPERETTA

Rehearsals for Comedy Are Started—Farewell for Bible Teacher.

Kaukauna—The cast for the two act comedy operetta, "The Windmills of Holland" to be given by the students of the high school in a few weeks in the auditorium has been selected and rehearsals have begun. The work is under the direction of Miss Edna Ruff, music supervisor of the high school.

The operetta, as the name suggests, is a musical play of Holland. Elaborate stage fittings and Dutch costumes will be used to make the event a success. The proceeds of the operetta will be used to purchase equipment. Music for the choruses and concert selections will be furnished by the high school orchestra.

Farewell to Teacher
 Sixteen members of the Kaukauna Hi-Y club gathered at a banquet in the club rooms to bid farewell to the Rev. A. E. Tink as Bible study instructor of the club. Mr. Tink has occupied the position as teacher since the Kaukauna club was organized. His work will be taken over by the Rev. E. L. Worthman.

Appropriate addresses and toasts were given by the members of the club. The boys expressed their appreciation to Mr. Tink for the times spent with the boys in teaching them the Christian spirit.

A social entertainment followed the banquet.

Need More Equipment
 The girls of the high school basketball team are raising money by selling candy in the school and at basketball games. They have been conducting the sale for several days. The proceeds will be used to buy equipment for the girls' team.

Attend Board Session
 The senior class of the Outagamie County Training school went to the courthouse in Appleton Friday afternoon to attend the county school board session. Misses Lillian Glanzer and Helen Pumperin were among the students who spoke before the board. Miss Kathleen Handyside sang a few vocal solos. The students were un-

Plan Now to Build Your Own Home

**The cost of building is lower right now
This Community needs hundreds of new homes**

Home Building of This Community should become an important industry this year. New Homes are needed. Families now paying rent, that accumulated a little surplus during the boom time should arrange now to own a home of their own.

"Own Your Own Home" should be the watchword and object of every ambitious home loving family. There is no way of securing a home which fills your individual needs, whims and ideas like building it. Build your own home—plan to do it at once.

**The Cost of Building an average home has decreased
for material alone about \$2,000 since a year ago**

Analysis Representing Costs of Items Used in Constructing the Average Home					
Average Building Material Prices	Average 1913 Pre-War Price	Average Freight Advance since 1913	Average 1920 Boom Price	Average Present Price	Average Reduction in Year
Lumber	\$1,624.00	\$ 290.00	\$3,389.00	\$2,044.00	\$1,345.00
Interior Millwork	800.00	30.00	1,680.00	1,280.00	400.00

Furnace	160.00	15.50	325.00	300.00	25.00

The figures show that the materials used in building an average home have been reduced \$1,973.50 in the last year.

Study the table on the left which has been drawn up and you will realize the savings that are possible

Any of the following concerns will be glad to figure your plans and give you a close estimate of what it will cost to build a home now.

***It is decidedly advantageous to build now—it costs less.
It may cost more later. Why not Build Now?***
